George Soros Buys WalMart Stores Inc., FedEx Corp., Advanced Micro Devices Inc., Sells General Dynamics Corp., Google Inc., Intel Corp.

[gurufocus](http://gurufocus.com)

Feb 16, 2008

Billionaire investor George Soros have been warning about recessions and financial crisis. He wrote "The current financial crisis was precipitated by a bubble in the US housing market. In some ways it resembles other crises that have occurred since the end of the second world war at intervals ranging from four to 10 years." These are his buys and sells during the 4th quarter of 2007.
